

Choosing The Races In Which To Enter Your Athletes

The Ed Leas Fall Classic is designed to allow flexibility for your team. The races in which you enter your athletes is totally up to you. You may break up your squad into whichever races you would like. The meet management does not need to know in advance as long as you have submitted your team rosters on www.baumspage.com .

The only race with limits is the “Gold” Varsity race which allows a maximum of 9 athletes per school. The “Gold” race is the more competitive race and the “Purple” Varsity race is the less competitive of the two varsity races. If you wish to run a team in each of these two races you may! You may run individuals and or teams in any of the races, your choice!

You choose whatever serves the needs of your program entering into the championship phase of the season.
