**or Senior Citizen Passes**

## **Saturday Post - Meet Clean-Up Responsibilities**

**We will not begin cleaning up until after the awards ceremony is complete!**

I believe it is important for all our athletes to acknowledge the accomplishments of the first and second team athletes, regardless of school, along with the champion team in all races. It is an honor to host the SWBL Cross Country Championship meet and I want to make sure we show nothing less than total class and respect to the visiting league teams. Our program is well known statewide for our ability to host a top notch Cross Country event.

I have assigned the following duties to our athletes prior to their departure from the meet. I believe it is important for our athletes to give back to the program and this is just one way they are expected to give back.

Coach McKinney

**Orange Cones & Yellow Fencing Clean-Up – Seniors**

**All Orange Fencing and Posts – Juniors**

**All tent tear down and loading - Sophomores**

**All trash can clean-up and trash pick-up along road – Freshmen**

**Trash clean up in battlefield and team areas – Junior High**

This will take from approximately 12:45 p.m. until about 2:00 p.m. so plan accordingly. The coaching staff will verify when you have completed your task and you are free to go! Remember our goal is to leave the park better than we found it when the season started! People from our community do notice and appreciate our efforts!
